Town Warrant

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Hudson in the County of Hillsborough in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Town Hall in said Hudson on Tuesday, the twelfth day of March, next, at ten of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing. . .

2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.

3. To see if the Town will accept state aid construction of the Class 11 road known as Kimball Hill Road and raise and appropriate or set aside for said purpose the sum of $2,313.00; or will accept state aid for construction of Class 5 roads and raise and appropriate or set aside for said purpose the sum of $715.81.

4. To see if the Town will vote to raise and appropriate the sum of $12,000.00 for the construction of the Kimball Hill Road provided the State shall appropriate the sum of $12,000.00 for the same purpose, it being understood that if said appropriation is made by the State and the Town accepts said special aid, that the town shall not be entitled to State aid for Class 2 Roads.

5. To see what sum of money the Town will vote to raise and appropriate for the Maintenance and Improvement of Town Roads. . .

6. To see if the Town will vote to accept Merrimac St. in the section of Paradise so called and appropriate the sum of $500.00 to repair the same, upon petition of Wm. Sullivan and others.

7. To see what sum of money the Town will vote to raise and appropriate for the permanent construction of sidewalks.

8. To see what sum of money the Town will vote to raise and appropriate for the Maintenance of the Police Department.

9. To see if the Town will vote to use the Australian Ballot System of voting in the future annual Town elections, upon petition of J. A. Paul and others.

10. To see what sum of money the Town will vote to raise and appropriate for the Maintenance of the Fire Department.

11. To see what sum of money the Town will vote to raise and appropriate for the observance of Memorial Day.

12. To see if the Town will authorize the Selectmen to administer or dispose of any real extate acquired by the Town through Tax Collector's deeds.

13. To see if the Town will authorize the Selectmen to pledge the credit of the Town in anticipation of taxes.

14. To see if the Town will vote to accept numerous bequests as Trust Funds, the income to be used for the perpetual care of the various cemetery lots.

15. To see if the Town will vote to adopt the provisions of the Municipal Budget Act.

16. To see if the Town will vote to raise and appropriate the sum of $4,500.00 with which to purchase suitable snow removal equipment, the amount to be retired by five serial notes of $900.00 each as provided in the Budget, and recommended by the Budget Committee.

17. To see if the Town will vote to raise and appropriate the sum of $4,730.00 with which to purchase a 5 ton six cylinder tractor with electric lights and starter, equipped with snow plow, by petition of E. M. Hamblett and others.

18. To see if the Town will vote to purchase and lay out a highway leading from the residence of Geo. McCann northerly to the Pelham Road via the land now owned by Elmer F. Smith and raise the sum of $100.00 for the purchase of the land and right of way.

Given under our hands and seal, this 25th day of February, in the year of our Lord nineteen hundred and thirty five.

RESUME OF CONDITIONS, TOWN OF HUDSON

The Town fiscal year of 1934 has passed and it seems fitting and proper that those in charge give an account of their stewardship to the taxpayers for this period.

FINANCES: Two years ago we were in rather a precarious position relative to fund with which to do business, but by taking the matter squarely in hand and with the wholehearted cooperation of the taxpayers we remedied this condition without the assistance from any outside source and without help from the State. Many of our New Hampshire towns were not so fortunate as ourselves and were obliged to seek loans from the State Treasurer. During the year 1934 we borrowed from the Nashua Trust Company the sum of $25,000.00 in anticipation of taxes, these notes, three in number have been retired together with one for $2,985.00 in favor of Frank E. Avery and another for $500.00 in favor of Miss Helen Spaulding. Notes outstanding at the end of the fiscal year are as follows:

Foster Fund	$ 5,000.00
Trust Funds	17,350.00
Florence Parker	6,000.00
Alice M. Haselton	1,000.00
Total	$29,350.00

Of the above amount the sum of $12,000.00 has been in force for quite a number of years so that the amount negotiated by the present Board of Selectmen is $17,350.00. It is hoped that $2,500.00 of this amount will be retired during the present fiscal year. Our proportionate share for the repairs to the Taylor Falls bridge was $4,000.00, which amount has been paid in full to the State Highway Department. At the end of the 1933 fiscal year we owed the School District the sum of $32,065.00 which has been paid in full together with $5,135.00 of the 1934 appropriation.

In comparing the school district with that of the Town it should be kept in mind that the School district's fiscal year end on

June 30th while the Town closes its books on January 31st, which makes it safe to assume that the amount due the schools will be materially reduced before the end of their year. Through the efforts of the Selectmen it was possible to obtain an approximate reduction of 7% in the cost of street lighting which became effective on January 1st. Although this is not a very large amount it represents a saving which must be considered during the present economic distress. We have paid in full the amount due the State for relief under the two year set-up of State control of relief. At the present time it is difficult to say just what method will be used in caring for the unemployed but until the Legislature acts this burden will necessarily fall upon the Town and Counties. From the standpoint of the Town it is encouraging to note that a large majority of our welfare cases are chargeable to the County. As an example at the end of January, the first month that the relief was handled by the Town following the two year control by the State the total amount of welfare bills was $2,089.93 and of this amount $1,576.96 was paid by the County, the balance of $512.97 representing Town cases. You will note that on this basis 75% of the so called relief cases in the Town of Hudson are County cases.

POLICE PROTECTION: The time has come for local citizens to realize that Hudson is "growing up", that conditions today are far different than they were five or ten years ago. Every day the press unfolds the story of how someone or some concern has been robbed either at gunpoint or by thieves breaking and entering. Hudson is located very close to several large cities and is therefore bound to be a target for the crooks and bandits that infest these areas. Early last summer, two men held up and robbed a filling station on the Litchfield Road and escaped. At that time local hold-ups were far too frequent for your local officials to sit idly by without making an effort to protect local business men as well as those who found it necessary to be on the streets after dark. It was their judgment that in view of the fact that the Town owned a police car it should be put into use for the maintenance of a

night patrol during the summer and fall when law breakers are more prevalent. The effect of this service may well be illustrated by the fact that during its operation only one break occurred and this was of a minor nature, while during the previous year with no patrol no less than 15 breaks were made and 2 hold-ups successfully climaxed. Taking into account the aggregate loss of those who suffered at the hands of these culprits with the actual cost of maintaining the patrol we find that the cost to them was far in excess of the cost to the Town for this valuable service. The cost of Special Officers in 1934 was only $175.00 more than in 1933 when no patrol was operating. Early in the winter of 1934 due to lack of funds and some unwarranted criticisms it was necessary to discontinue this protection and in consequence the A & P Store on Ferry St. was held up and robbed at gunpoint. It is known that the bandits were well aware of the fact that Hudson had discontinued its protection and was wide open to their exotic profession. Hudson at the present time maintains only one full time police officer and those who give the matter serious consideration know full well that one man cannot be expected to be at the beck and call of every citizen in every section of the Town twenty-four hours out of every day of the year. While this is being written there is before the Legislature a bill to establish a State Police force to assist in curbing the ever increasing wave of crime. This in itself is evidence that other Towns as well as our own are cognizant of the fact that something must be done in the way or more efficiently protecting persons and property.

FIRE PROTECTION: Hudson compares very favorably with other towns of similar size in this respect. In fact it is far superior to many who maintain a call department such as ours. Through money received from the State plus a small amount given by the Town it was possible this year to construct several water holes in different sections of the outlying districts in an effort to give those of our citizens located in these areas as good protection as possible outside the hydrant districts. Members of the Hudson Fire Department are deserving of much praise and cannot be commended too highly for their very efficient work.

ROADS: Over twelve miles of road have either been graveled or tarred during the past year which means that considerable expense is to be eliminated for the upkeep of these highways It might be well to explain the advantages of expending a certain sum of money each year for the purpose of tarring roads. It has been found that where this is done the cost of maintenance is materially lessened, particularly where hills and grades are involved. We have over expended the highway appropriation some $7,000.00 which can easily be explained when you stop to realize that snow removal alone cost nearly $5,000.00 or $1,000.00 more than the Town appropriated for both snow removal and maintenance of roads during the Spring and Summer. Able bodied persons receiving aid are required to work for the Town to help defray this expense or in other words they give the Town labor in exchange for aid rendered. Naturally this being the case it is necessary to keep trucks and other equipment operating which cost money.

SNOW REMOVAL: This item is always one of uncertainty as is evidenced by the statement made previously relative to cost. Our equipment is not equal to combat serious storms and we find ourselves confronted with an unusual amount of repair bills due to breakage. The matter of purchasing suitable snow removal equipment will be brought up at Town meeting and it is hoped that the taxpayers will give this matter serious consideration between now and that time. A careful study of the situation has been made by the Selectmen and they find that for general all around purposes and for the average snow storm the purchase of a 3 to 5 ton truck will be much more economical than some other equipment. The advisibility of purchasing a five ton tractor has been discussed but upon investigation the Board discovered that the cost would be so great they did not desire to thrust this expense upon the taxpayers without their having a voice in the matter. Consequently arrangements have been made with a Milford Trucking Co. who specializes in plowing country roads to take care of our situation until the matter can be settled at Town Meeting. We are certain that what ever members comprise the Board

after Town meeting they will handle this situation to the entire satisfaction of the majority of the citizens.

PUBLIC AND RECREATIONAL DEVELOPMENT: The Hills Memorial Park has been kept in shape the past year, being mowed at regular intervals and otherwise improved to present a better appearance to visitors coming to Hudson. The Webster School grounds were flooded this winter in order to provide a safe place for the children of the community to skate. Chief Connell and members of the fire department assisted greatly in the matter of flooding the park while the Hudson Water Co. very generously donated the water from a nearby hydrant. A meadow at Hudson Center was also flooded in order that children in that section of the Town might have like privileges as those at the Bridge. Miss Arvilla Hamblett very graciously donated the land for this purpose. In the event that the F. E. R. A. is still in existence in the Spring efforts will be made with the cooperation of the Parents Teachers Association to obtain a certain sum of money from the Federal Government with which to make a suitable playground, including a baseball diamond, tennis courts, etc. It is understood that the land for this purpose has already been promised the Parent Teachers Association.

CONCLUSION: We, the Board of Selectmen realize that no three men can conduct the affairs of the Town to the entire satisfaction of all concerned but we do feel that we can conscientiously say to the citizens of the Town that we have performed our duties in a fearless manner and to the best of our knowledge and ability.

A district meeting of Librarians and Library Trustees was held under the auspices of the State Library Commission, on June 12, at the library building. Valuable papers were read by members of the staff of the State Library and a sketch of the several public libraries which have existed in the town was given by Dr. H. O. Smith, who also exhibited a number of books once owned by the Nottingham West Social Library, which was incorporated in 1797.

Several books and a number of magazines have been given to the library by Mrs. A. K. Hills, who has also, on various occasions, provided beautiful flowers.

It is worthy of note that the lower floor of the building is being utilized more and more by the social organizations of the town.

Report of School Board

To the Citizens of Hudson:

We have the honor of submitting the Fiftieth Annual Report of the School Board. In 1885 the old system of having the town divided into several school districts was discontinued and the town organized as one school district.

The City of Nashua has notified the Board that the High School Tuition for 1935-36 will be $107.00 per pupil and with the constantly increasing number of High School Pupils we believe that serious consideration should be given towards erecting a High School of our own. There is so much talk at the present time of receiving at least a 50% grant from the government, that this should be checked.

While our elementary schools are still crowded all the children have been taken care of in our present quarters. For the last four years the entering classs have been smaller than that of the year before and if this continues until our present 5th grade is out of school we will have room for our elementary schools without crowding.

During the summer vacation a Nurses Room was added between the old and new parts of the Webster Building. This does away with sick children having to use cots in the hallways and also serves for clinics, examinations and other activities of the nurse, and also makes a place for the nurse to keep her equipment.

During the winter a nursery school and adult school were established in the White Church, these were principally financed thru the Federal agencies under the sponsorship of the State Board of Education and your local board.

At the close of the School Fiscal year there was due the School District from the Town Treasurer the sum of $18,284.47

of which there was due for High School Tuition $13,137.94 and $2,758.75 which was earmarked for the purpose of reducing the 1934-35 Tax assessment.

The per pupil cost the past year was $52.14 a reduction of $2.29 from that of the year before.

We respectfully submit Budget for 1935-36.

REPORT OF SUPERINTENDENT OF SCHOOLS

Hudson, New Hampshire

February 15, 1935

To the School Board and Citizens of the Town of Hudson:

Following is my fifth annual report as Superintendent of Schools.

Enrollment January 2, 1935:

Grades	1	2	3	4	5	6	7	8	Total
Webster Building	45	42	40	38	42	43	72	58	380
Portable Building			15	20					35
I. O. O. F. Building					22	14			36
Center School	10	15	7	11	17	9			69
Totals	55	57	62	69	81	66	72	58	520

There were thirty less pupils enrolled in the schools of Hudson on January 2, 1935 then there were on a similar date a year ago. There has been a decrease of three to eight pupils in practically every grade, which has somewhat relieved, for the present, our very congested condition of a year ago.

A part-time teacher has been employed since the first of January to give special help to those boys and girls in grades five and six who find it difficult to do standard grade work in the hopes that they may show sufficient progress to warrant promotion at the end of the year.

There were no changes in the teaching staff at the beginning of the school year. On December 3, Miss Barbara Fuller, a graduate of Keene Normal School, was employed to fill the vacancy caused by the resignation of Mrs. Emily Caccivio, and on January 2, Miss Nellie Hurbonovich was elected to fill the vacancy caused by the resignation of Miss Gladys Lowkis. The teachers are continuing the same efficient service which has been characteristic of their previous work.

Our enrollment in Nashua High School for the present year is 135. but from the figures now available, it appears that we will have 162 in Nashua High School next year.

Under the auspices of the Parent Teacher Association, the various social, civic, and fraternal organizations have each made contributions, the proceeds of which have been used to procure a radio-victrola with two portable loud speakers, for the Webster School. Although this machine has been in operation but a short time, it is proving of great value in the teaching of music appreciation from records especially prepared for this purposee and by enabling the boys and girls to benefit from the National programs especially designed for school instruction.

The Hudson Parent Teacher Association is to be congratulated for the opportunity which it affords for teacher-parent contact in the classroom, and for the high type of educational programs which it provides at its meetings.

If the boys and girls are going to receive the greatest benefit from our schools, there must be constant cooperation and understanding between the teacher and the parent. The Parent Teacher Association is the only organization which we now have for the encouragement of these contacts. I wish to urge more parents to become members of the Parent Teacher Association, to attend its meetings, to personally meet the teachers, and to enjoy the educational programs which cannot help but increase the interest in our public schools.

So far this year, three tests have been given in the upper grades in an attempt to diagnose the difficulties which the boys and girls are having with their academic work, in order that the teachers may better know their individual needs. With this knowledge the teachers are better able to present their work in such a way that it will be of the greatest benefit in developing the fundamental knowledge and character traits of each individual boy and girl.

I wish again to urge more parents to visit our schools and obtain first hand knowledge of what is being accomplished in classrooms.

Respectfully submitted,

FRED W. HALL, *Superintendent.*

Number defective hearing	8	5 treated and improved
Number orthopedic defects	5	
Number goiter	1	1 treated and improved
Number cardiac	6	

The following contagious cases were reported: Scarlet fever, mumps, 5; chicken pox, 3; whooping cough, 11.

The Dental Clinic is held every Thursday morning throughout the school year.

The local teachers association has helped finance some dental corrections which otherwise could not have been made.

A Toxoid Clinic was held in the fall. Parents took advantage of having children under eight years of age immunized against diphtheria.

Dr. Robert Kerr examined a number of under weight children. He also examined the athletic group, and restricted two from playing because of heart conditions.

Through the Federal Relief Administration milk is provided for 120 children, and codliver oil for all children in grades one to six. These children have made a wonderful gain since these services have been afforded them.

The regular hot lunch at the Webster School and a light lunch at Hudson Center is well patronized.

A donation given by a public spirited citizen is utilized for hot lunch for a few needy children.

The fine cooperation of the doctors made it possible to have extensive corrective work done with the money allotted in the Child Recovery Program.

I wish to thank the teachers and parents for their cooperation.

Respectfully submitted,

HELEN J. HOUSE, R. N.,

School Nurse.
